Blending youth with wisdom? – The Impossible Becomes Reality!

Magic on the Edge is local magicians supporting the development and mentoring of new artists. **Dazzling Dan** (15yo) joins forces with **Drew Magic** (52yo) to present a cross-generational duet. *Magic on the Edge* provides an integrated show which celebrates the diversity of the ages – an entertaining blend of youthful excitement and mature wisdom.

Despite the differences, all generations continue to seek and explore the impossible. *Magic on the Edge* will help you find it!

Following two sold-out seasons, *Magic on the Edge* again features a brand new blend of effects. To continually develop as artists and to provide maximum entertainment for their audience, a brand new show is built each year to highlight the unique characters of their troupe.

The troupe for *Magic on the Edge* comes from members of the local chapter of the The International Brotherhood of Magicians (I.B.M.). I.B.M. is a global organisation. The local chapter meets in a historic WW2 bunker in Thebarton. Their aim is to develop and encourage aspiring magicians through providing mentoring and performance opportunities.

People who are interested in learning magic, or moving a hobby to something more, are encouraged to contact the club through the facebook page [@magicontheedge](https://www.facebook.com/magicontheedge) or [@DrewMagic](https://www.facebook.com/DrewMagic).

Key features:

- Youth performer
- Cooperation and blending the generations
- New material for 2019 only
